North Carolina General Statute §130A 152-157 requires that ALL students entering college present a certificate of immunization which documents that the student has received the immunizations required by law. In addition to the state required immunizations, to promote the health of our students and to minimize the potential for transmission of communicable diseases within our community, immunization requirements differ for Health Science and Undergraduate students. For additional information review the immunization compliance section of our website at http://studentaffairs.duke.edu/studenthealth/immunization-compliance.

The general deadline for submission of the Mandatory Immunization Requirements Form, TB Screening Questionnaire and online Health History Forms is June 15th. Students will be WITHDRAWN FROM THE UNIVERSITY 30 days after classes begin if the Mandatory Immunization and TB requirements have not been met.

All incoming students must be screened for Tuberculosis risk factors through a screening questionnaire.

If TB testing is indicated by this questionnaire, a Tuberculosis skin test (TST) or IGRA (TB blood test) must be completed within the 12 months preceding the 1st day of classes. **ALL TESTING (CXR/TST/IGRA) MUST BE COMPLETED IN THE UNITED STATES. TESTING DONE OUTSIDE OF THE UNITED STATES WILL NOT BE ACCEPTED!** BCG vaccination does not prevent testing. For students who have received the BCG vaccine, an IGRA, either QuantiFERON TB Gold (QFT-G) or T-Spot, is preferred. If TST or IGRA is positive, a chest x-ray is required within the 12 months preceding the 1st day of classes.

If you cannot provide the results of a TB screening test, do not have a current TB screening test (within the 12 months), or if your current test was not done in a United States facility, please call 1.919.681.9355 to schedule an appointment at Duke Student Health Services (SHS) after August 1. If a student has recently received any live virus vaccine, screening for TB should be delayed for 4 weeks. **DO NOT WAIT!** Late, incomplete or inaccurate information may delay registration.

*Please read these instructions carefully.* Your information will be reviewed by SHS staff. Immunization records are processed in order of receipt and may take up to 4 weeks for processing. You will be notified of your compliance status via secure message. (Please be sure to monitor your Duke email.)

If student is less than 18 years old at the start of classes, a parent/guardian must complete, sign and return the Consent for Treatment form. [https://studentaffairs.duke.edu/sites/default/files/u110/CONSENT%20FOR%20TREATMENT%202016.pdf](https://studentaffairs.duke.edu/sites/default/files/u110/CONSENT%20FOR%20TREATMENT%202016.pdf)

**The following 4 steps are MANDATORY:**

**Step 1:** Have a doctor’s office, clinic or health department complete the Mandatory Immunization Requirements Form. We are unable to accept signatures from family members, by blood or marriage.

**Step 2:** Complete the Mandatory Tuberculosis Screening Questionnaire

**Step 3:** Follow this link [http://studentaffairs.duke.edu/studenthealth](http://studentaffairs.duke.edu/studenthealth) to access the SHS portal via the “Student Health Gateway” (click on gray **). Log in by entering your Net ID and password, verify your identity by entering your date of birth, click on the “Forms” tab on the left menu bar and complete the following online forms:

- Duke University HIPAA Agreement and Consent to Treat
- Health History Form
- Immunizations Page in EMF Forms

**Step 4:** Submit the completed Mandatory Immunization Requirements Form, TB Screening Questionnaire and Consent for Treatment form if needed (if less than 18 years old) via:

**Email:** immunizations@duke.edu

**OR**

**Fax:** 1.919.681.7386

**OR**

**Postal Mail:** Duke Student Health Services

ATTN: Immunization Department

DUMC Box 2899, Durham, NC 27710

**IMPORTANT!** You MUST enter your Immunization dates via the STUDENT HEALTH GATEWAY before you fax or email your completed forms. **PLEASE KEEP A COPY OF YOUR IMMUNIZATION RECORDS!** Should anything be amiss, you can easily refer to what was sent to SHS!

*It may take up to 30 days for Duke SHS staff to verify your information.*
Duke University Mandatory Immunization Requirements Form for Undergraduate/Graduate/Professional Students

Last Name_________________________________________ First Name ______________________________________ Middle Initial ______

Duke Unique ID ____________ Date of Birth ________/______/_________ Sex ________

DO NOT SEND IMMUNIZATION RECORDS; USE THIS FORM ONLY!

Forms must be in ENGLISH ONLY!

Form MUST BE COMPLETED AND SIGNED by a doctor’s office, clinic or health department, NOT a family member.

Tetanus/diphtheria toxoid (DT/DTaP/DTP/Td) 2 doses and a Tdap Booster REQUIRED for ALL: 3 total lifetime doses are required, this is a State of NC law; one dose must be given within the past 10 years. Td is a different vaccine and does not substitute for Tdap. Tdap became available in the U.S. June 2005.

<table>
<thead>
<tr>
<th>DTaP/ DTP/ DT/ Td</th>

Polio 3 doses REQUIRED FOR STUDENTS < AGE 18: #1 | #2 | #3 | #4 |

Hepatitis B Series 3 doses REQUIRED IF BORN ON OR AFTER 7/1/1994: 3 dose series required. Indicate vaccine type:

- [ ] Hep B only
- [ ] Hep A/B Combo (Twinrix) #1 | #2 | #3 |

Meningococcal vaccine (MPSV4, MCV4) REQUIRED FOR UNDERGRADUATES: Booster dose is required if the initial dose was given before the age of 16. If the initial dose was given at age 16 or older, no booster dose is required. Not required for graduate/professional students.

Meningococcal vaccine GIVEN ON OR AFTER AGE 16 ______/____/____

Recommended Vaccines (not required):

- Varicella Vaccine #1 | #2 |
- Chickenpox Illness | |
- Pneumococcal Vaccine | |

Meningitis B Vaccines: Trumenba #1 | #2 | #3 | or Bexsero #1 | #2 | #3 |

HPV 4 or 9 #1 | #2 | #3 | Cervarix #1 | #2 | #3 |

Travel Vaccines (not required): Hepatitis A #1 | #2 |

Rabies #1 | #2 | #3 | #4 |

Polio Booster |

IXIARO #1 | #2 |

Typhoid (IM) | |

Typhoid (Oral) | |

Official stamp with authorized signature from a MD, DO, PA, NP, RN or LPN must appear on this form or it will not be accepted.

IMPORTANT! KEEP A COPY OF THIS PAGE AND ALL LAB/CHEST X-RAY REPORTS FOR YOUR RECORDS.
Duke University Mandatory Tuberculosis Screening Questionnaire for Undergraduate/Graduate/Professional Students

Last Name: __________________________ First Name: __________________________ Middle Initial: ________

Duke Unique ID: __________________________ Date of Birth: ______/_____/______ Sex: ______

ALL Students must complete Sections A & B, sign and submit this form, regardless if testing has been completed or will be done once you arrive.

SECTION A: Have you ever had a positive (TST/PPD) or Positive TB Blood Test (IGRA)?

If you answered YES, you will need to sign below and submit this form along with 1. a chest x-ray report, (must be done in the US within the past 12 months), and 2. documentation regarding latent/active TB conversation with your clinician and indicate acceptance or declination of TB Treatment. If you have not had a chest x-ray you must have one when you arrive at Duke University. If you answered NO, please continue to Sections B and C.

SECTION B: Tuberculosis (TB) Exposure Risk

1. Do any of the following conditions or situations apply to you?
   a. Do you have a persistent cough (3 weeks or more), fever, night sweats, fatigue, loss of appetite or weight loss? YES ☐ NO ☐
   b. Have you ever lived with or been in close contact to a person known or suspected of being sick with TB? YES ☐ NO ☐
   c. Have you ever worked, volunteered or traveled in any homeless shelter, prison/jail or healthcare facility? YES ☐ NO ☐
   d. Have you ever used recreational IV Drugs? YES ☐ NO ☐
   e. Were you born in or have you lived, worked or traveled to one of the following countries listed in the boxes below for > 1 month (cumulative travel time)? YES ☐ NO ☐

2. If yes, where? __________________________ Total length of time? __________________________

Afghanistan, Algeria, Angola, Antigua, Argentina, Armenia, Azerbaijan, Bangladesh, Belarus, Belize, Benin, Bhutan, Bolivia (Plurinational State of), Bosnia and Herzegovina, Botswana, Brazil, Brunei Darussalam, Bulgaria, Burkina Faso, Burundi, Cabo Verde, Cambodia, Cameroon, Central African Republic, Chad, China, China Hong Kong SAR, China Macao SAR, Colombia, Comoros, Congo, Côte d’Ivoire, Democratic People’s Republic of Korea, Democratic Republic of the Congo, Djibouti, Dominican Republic, Ecuador, El Salvador, Equatorial Guinea, Eritrea, Estonia, Ethiopia, Fiji, French Polynesia, Gabon, Gambia, Georgia, Ghana, Greenland, Guam, Guatemala, Guinea, Guinea-Bissau, Guyana, Haiti, Honduras, India, Indonesia, Iran (Islamic Republic of), Iraq, Kazakhstan, Kenya, Kiribati, Kuwait, Kyrgyzstan, Lao People’s Democratic Republic, Latvia, Lesotho, Liberia, Libya, Lithuania, Madagascar, Malawi, Malaysia, Maldives, Mali, Marshall Islands, Mauritania, Mauritius, Mexico, Micronesia (Federated States of), Mongolia, Montenegro, Morocco, Mozambique, Myanmar, Namibia, Nauru, Nepal, Nicaragua, Niger, Nigeria, Northern Mariana Islands, Pakistan, Palau, Panama, Papua New Guinea, Paraguay, Peru, Philippines, Poland, Portugal, Qatar, Republic of Korea, Republic of Moldova, Romania, Russian Federation, Rwanda, Saint Vincent and the Grenadines, Sao Tome and Principe, Senegal, Serbia, Seychelles, Sierra Leone, Singapore, Solomon Islands, Somalia South Africa, South Sudan, Sri Lanka, Sudan, Suriname, Swaziland, Taiwan, Tajikistan, Thailand, Timor-Leste, Togo, Trinidad and Tobago, Tunisia, Turkmenistan, Tuvalu, Uganda, Ukraine, United Republic of Tanzania, Uruguay, Uzbekistan, Vanuatu, Venezuela (Bolivarian Republic of), Viet Nam, Yemen, Zambia, Zimbabwe

If you answered YES to any of the questions in Section B and C, then a TB blood test (IGRA) is preferred method of testing. Please sign and submit this form.

SECTION C: Bacille Calmette-Guérin History

1. Have you ever received the BCG vaccine? YES ☐ NO ☐
   a. If you answered yes to any questions in Section B and C, then a TB blood test (IGRA) is the preferred method of testing.
   b. If you have received the BCG vaccine and all other answers are NO, no further screening is required. Please sign and submit this form.

SECTION D: MUST BE COMPLETED AND SIGNED by a doctor’s office, clinic or health department. ALL TESTING (CXR/TST/IGRA) MUST BE COMPLETED IN THE UNITED STATES WITHIN THE 12 MONTHS PRECEDING THE FIRST DAY OF CLASSES! Students who have received the BCG vaccine, an IGRA, (either QuantiFERON (QFT-G) or T-Spot,) is preferred. If a student has recently received any live virus vaccine, screening for TB should be delayed for 4 weeks. Please refer to section A if you have, or have had a positive TST or IGRA.
