Family Weekend
OCTOBER 25-27, 2019

Duke UNIVERSITY
Welcome to Duke University!
Welcome to Duke University Family Weekend 2019! This weekend, we hope to keep you informed, engaged, and connected with the Duke community. We have planned an array of events that highlight the wonderful things that Duke has to offer, from academic talks and musical performances to sporting events. We truly believe that this Family Weekend will provide something for every member of our Duke community, and we encourage you to take advantage of all the university has to offer.

Most importantly, we want to provide the time and space for you to visit with loved ones and engage with other families. It is our hope that you get time to see the places and meet the people that have become so important to your student.

If you have questions or would like up-to-date schedules, please visit our website: studentaffairs.duke.edu/parents. If you have additional questions during the weekend, find a Family Weekend volunteer or visit the Hospitality Desk in Schaefer Mall (top floor) of the Bryan Center.

*3705 Erwin Road, Duke Lemur Center*

2:00pm – 3:00pm | Student for a Day Lecture – “Survival of the Friendliest: What Animals Tell Us About Being Human”
*Featuring Brian Hare, Professor of Evolutionary Anthropology*

The only way to understand what it is to be human is to know what it is like to be not human. Brian Hare, Professor of Evolutionary Anthropology, will share research comparing our mind to that of the bonobo and chimpanzee as well as more distant relatives like the dog. Revealing the secrets of these species’ inner lives helps us understand exactly what it is about our species that is truly unique. It also helps us understand how the human mind came to be. To find the answers Hare will take you on a journey ranging from the dense tropical forests of the Congo Basin to the steppes of Siberia. When we finally arrive, we all will confront the same question: are humans really as different as we think? As a special treat, you will meet (not too up close and personal) some of the current students in Duke’s Puppy Kindergarten.

*Reynolds Theater, Bryan Center, West Campus*

2:00pm – 3:30pm | GUAC & TALKS: Family Weekend Edition
Students and families are welcome to stop by for a buffet of guacamole, chips, and salsa and to meet awesome creative professionals including alumni and parents back for Duke’s Family Weekend, all hosted by Duke Entertainment, Media, & Arts Network (DEMAN)! Hear about careers, share advice, get student job/internship leads, and ask questions about navigating your creative interests. See you there!

*The Devil’s Krafthouse, Brodhead Center, West Campus*
2:00pm – 3:00pm | Coming to the Table: Nutrition and College Dining

Student Health Nutrition Services welcomes all for this discussion of their mission, their approach to care, and the nutrition services they offer to students. Student Health Nutrition Services will also address any concerns or questions around how food allergies are handled in the dining venues as well as overall navigation of the dining facilities with a focus on healthful choices.

*Room 144, Student Wellness Center, West Campus*

2:00pm – 3:30pm | Innovation & Entrepreneurship is for Everyone!

During our session, you will identify the creative capacity inside you, learn how to be an innovator, and develop an entrepreneurial spirit to make a positive impact on society. Innovation and Entrepreneurship is for all students and complementary to any major. We help students identify solutions to complex problems so they are able to have a positive impact on society. Wherever your passion lies, we can help you be innovative and entrepreneurial in that space.

2:00pm – Mock Class; 3:00pm – Open House. *Take Shuttle Service* to our offices at The Bullpen: [parking.duke.edu/buses/downtown-shuttle](http://parking.duke.edu/buses/downtown-shuttle). *Parking* – Guests may use the paid Durham ID Parking Deck located directly across the Imperial Building at 325 Roney Street, Durham, NC, 27701.

2:00pm – 4:00pm | Office of Undergraduate Scholars & Fellows Open House

The Office of Undergraduate Scholars & Fellows (OUSF) welcomes merit scholarship recipients and their families to an open house, where they will have a chance to meet with program staff, current scholars, and program alumni. Light refreshments will be served.

*Bay 8N — 2nd Floor, Smith Warehouse, (off) East Campus*

2:30pm – 3:30pm | DukeEngage: The Inside Story from Students and Staff

DukeEngage provides full funding for select Duke undergraduates who wish to pursue an immersive summer of service in partnership with a U.S. or international community. Group and individual project options allow students to volunteer in a wide variety of service placements to complement their academic paths at Duke. The program’s service themes include public health, engineering, education, human rights, youth services, and many more. Make time for this popular info session to hear the inside story from our experienced staff and a panel of students, who have been through the program from application to accomplishment. Bring your questions for a question & answer session at the end of the presentation.

*Penn 1, Penn Pavilion, West Campus*
3:00pm – 4:00pm | Talking about the Hard Stuff

Raising children does not stop at 18. In fact, adolescent and young adults want older adults to talk to them in a real way about sexual decision-making, choices around alcohol, and more. This workshop is designed to inform you of the messages Duke teaches students about these important topics and how DuWell can partner with parents to strengthen efforts.

*Room 148/149, Student Wellness Center, West Campus*

3:00pm – 4:00pm | Leveraging the Forever Duke Network: How to Connect with Alumni

All Duke students and their families are invited to join staff from the Alumni Association to learn how students can connect with the Duke alumni family through campus programming and networking opportunities. This session will feature an introduction to the Alumni Network — an online directory through which students can search and contact Duke's 175,000+ alumni worldwide. This session is open to all and students (undergraduate, graduate, and professional) and family members.

*Penn 2, Penn Pavilion, West Campus*

3:00pm – 8:00pm | Climbing Wall at Wilson Recreation Center

Join Duke Recreation & Physical Education as they open the Wilson Recreation Center Rock Climbing Wall Friday, Saturday, and Sunday for Family Weekend. The Indoor Climbing Wall will be open to parents and families, ages 6 and up, as well as current Rec & PE Members for afternoon climbing. No experience is required and all necessary equipment will be available for check-out, though please bring socks to check-out climbing shoes. Minors must be accompanied by a legal guardian. Drop in for a few minutes or stay the whole time!

*Wilson Recreation Center, West Campus*

3:15pm – 4:15pm | Student for a Day Lecture — “Why did my dog’s head fall off? Teaching Computing with Visualization, Animation, and Interaction”

*Featuring Susan H. Rodger, Professor of the Practice of Computer Science*

Computing is integrated into our daily lives, from the phone we are tethered to 24/7 to our automobiles and home environments. Yet computer science, a field that focuses on problem solving and interacts with many disciplines, has been slow to integrate into K-12 schools. Problem solving involves programming. As computer science has evolved, so has our ability to teach programming to beginners. In this talk, Dr. Rodger will sketch how we have transformed the teaching of computer science at Duke through visualizations, animations, and interactions and will describe Duke’s efforts to integrate computing into K-12 schools.

*Reynolds Theater, Bryan Center, West Campus*
FRIDAY  OCTOBER 25

3:30pm – 4:30pm  |  Thompson Writing Program: Deliberations Colloquium

Deliberations: Journal of First-Year Writing is dedicated to publishing academic writing produced in Duke’s first-year writing courses and making it available to a wider audience. Please join us to meet the authors and learn more about student research and publishing at Duke.

Penn Garden Room, Penn Pavilion, West Campus

3:30pm – 4:30pm  |  Intentional Professional Development

Meet the Executive Director of the Career Center and learn how the Career Center team works with Duke students beginning immediately in the first year and continuously throughout their time at Duke. The discussion will focus on students developing their academic and career plans, acquiring the competencies necessary to thrive within the academy and beyond, and identifying immediate goals and strategic aspirations. This session will also consider the important role family and support systems can play in assisting students with intentional professional development.

Penn 1, Penn Pavilion, West Campus

3:30pm – 4:30pm  |  Focus Program Parent Reception

Please join the Focus Program directors for a reception complete with time for questions and answers. Focus directors will present briefly on their programs and attendees will have the opportunity to engage directly with them. Refreshments and light dinner will be served.

York Room, Divinity School (Gray Building), West Campus

4:00pm – 5:00pm  |  Library Research and Writing Awards Reception

Every year the Duke University Libraries run a series of essay contests recognizing the original research of Duke students and encouraging the use of library resources. Join in celebrating the winners and their achievements at a special awards reception coinciding with Duke Family Weekend. All are invited for refreshments and the opportunity to honor the recipients.

1:00pm | Lady Blue A Cappella Family Weekend Show

Lady Blue is an all-female a cappella group founded in 1991. We bear no relation to the Blue Man group, but instead are even more fun and guaranteed not to creep out any family members. Named as an ode to Billie Holiday’s song “Lady Sings the Blues,” our tight-knit group enjoys performing a little bit of every style of music (except perhaps the yodel), so you are bound to find something in our set to jam out to. We are the self-proclaimed “Most Fun” a cappella group on campus and would accapellove for you to join us for a fun-filled matinee show in the beautiful Doris Duke Center! Admission is free, but donations are welcome.

HIGHLIGHTED EVENTS
Mary Pat McMahon is the vice provost and vice president for student affairs. As the chief student affairs officer at Duke, McMahon is directly involved in decisions that shape the undergraduate and graduate student experience, including responsibility for residential and dining services, student wellness services, specialized services for parents/families and student veterans, as well as other student-directed services such as student extracurricular support and the university’s identity and cultural centers. McMahon is a proven leader in student affairs and is committed to student development, team leadership, and building strong community, academic, and student partnerships.

Before coming to Duke in July 2019, McMahon was dean of student affairs at Tufts University’s Schools of Arts and Sciences and Engineering. There, she was broadly responsible for fostering meaningful growth and connection in students’ co-curricular experience and coordinating developmental, leadership, and health and safety resources for students.

Prior to Tufts, McMahon served as associate dean of student affairs at Bowdoin College, where she helped develop a highly regarded residential learning program, oversaw the first-year experience, provided academic and personal advising to students, and offered guidance for the judicial and sexual misconduct board hearing processes.

Previously, McMahon was associate director of doctoral programs at New York University and assistant director of undergraduate admissions at Yale University. She holds a bachelor of arts degree in history from Yale University and a master of science degree in history of international relations from the London School of Economics and Political Science.

Vincent Price is the 10th President of Duke University, where he is also Walter Hines Page Professor of Public Policy and Political Science in the Sanford School of Public Policy and Trinity College of Arts and Sciences. A leading global expert on public opinion, social influence, and political communication and former editor-in-chief of Public Opinion Quarterly, President Price came to Duke in 2017. Since arriving on campus, he has turned his attention to the future of the university, developing a strategic framework focused on five core principles: empowering people, transforming education, building community, forging partnerships, and engaging a global network. He has also overseen a series of major new reform efforts at Duke — including initiatives to study the legacy of the university’s history, support the continued development of Duke arts and culture, update university facilities for the next generation of

students and faculty, and reorganize the governance structure of the Board of Trustees — and the launch of the undergraduate program at Duke Kunshan University, a unique, joint venture liberal arts university in Kunshan, China. Prior to coming to Duke, Price served as Provost of the University of Pennsylvania and was the Steven H. Chaffee Professor in the Annenberg School for Communication and Professor of Political Science in the School of Arts and Sciences. He earned his PhD (1987) and MA (1985) in Communication from Stanford University and a BA magna cum laude (1979) in English from the University Honors Program at Santa Clara University.

Student for a Day Lecture Series

Experience first-hand two of Duke’s premier professors as they present challenging yet accessible lectures in their areas of scholarship and teaching. Both programs offer you the opportunity to interact with Duke faculty while catching a glimpse of what it’s like in a Duke undergraduate classroom as well as the liveliness of exchange that can happen in after-hours gatherings.

This program, now in its 40th year, is designed by the Office of Continuing Studies for the Division of Student Affairs.

Lecture 1: “Survival of the Friendliest: What Animals Tell Us About Being Human”

The only way to understand what it is to be human is to know what it is like to be not human. Dr. Brian Hare, Professor of Evolutionary Anthropology, will share research comparing our mind to that of the bonobo and chimpanzee as well as more distant relatives like the dog. Revealing the secrets of these species’ inner lives helps us understand exactly what it is about our species that is truly unique. It also helps us understand how the human mind came to be. To find the answers Hare will take you on a journey ranging from the dense tropical forests of the Congo Basin to the steppes of Siberia. When we finally arrive, we all will confront the same question: are humans really as different as we think? As a special treat, you will meet (not too up close and personal) some of the current students in Duke’s Puppy Kindergarten.

Brian Hare is Professor of Evolutionary Anthropology and a member of the Center for Cognitive Neuroscience, a division of the Duke Institute for Brain Sciences. He received his Ph.D. from Harvard University, founded the Hominoid Psychology Research Group while at the Max Planck Institute for Evolutionary Anthropology in Leipzig, Germany, and subsequently founded the Duke Canine Cognition Center. In 2013 he published the New York Times’ bestselling book The Genius of Dogs: How Dogs are Smarter than You Think with his wife and research scientist/journalist, Vanessa Woods. Professor Hare is also the founder and chief scientific officer of the citizen science company Dognition. Ms. Woods is the author of It’s Every Monkey for Themselves: A True Story of Sex, Love, and Lies in the Jungle as well as the children’s book It’s True! There Are Bugs in Your Bed.

Reynolds Theater, Bryan Center, West Campus  |  Friday, 2:00pm
Lecture 2: “Why did my dog’s head fall off? Teaching Computing with Visualization, Animation, and Interaction”

Computing is integrated into our daily lives, from the phone we are tethered to 24/7 to our automobiles and home environments. Yet computer science, a field that focuses on problem solving and interacts with many disciplines, has been slow to integrate into K-12 schools. Problem solving involves programming. As computer science has evolved, so has our ability to teach programming to beginners. In this talk, Dr. Susan Rodger will sketch how we have transformed the teaching of computer science at Duke through visualizations, animations, and interactions and will describe Duke’s efforts to integrate computing into K-12 schools.

Teaching at Duke for over twenty-five years, Susan H. Rodger is Professor of the Practice of Computer Science. She received the M.S. and Ph.D. degrees in Computer Science from Purdue University and the B.S. degree with majors in Computer Science and Mathematics from North Carolina State University. Rodger is credited with making major contributions to the development of educational software for teaching computer science and with integrating computing into K-12 education. Dr. Rodger developed JFLAP, the leading educational software for formal languages and automata theory, which is used around the world in computer science courses focused upon teaching the theory of computing, compilers, artificial intelligence, and discrete mathematics.

EXPLORING DURHAM
Duke University is proud to call Durham home. The city has a vibrant culture of performing and visual arts, food and beverage, outdoor recreation, and education, among other amazing experiences. Durham was named America’s “Foodiest Small Town” by *Bon Appétit* and contributes to the second-largest concentration of doctoral degrees in the country, just behind Silicon Valley. While we welcome you to join us for all of our Family Weekend events, please be sure to explore what Durham has to offer while you are in town.

### Historic Places

**Duke Homestead State Historic Site** – This national historic landmark marks the spot where Washington Duke started his worldwide tobacco empire. Today the site includes the restored mid-1800s Duke family home, tobacco barns, original factory, and farm. It also has a museum to showcase the beginnings of the modern-day tobacco industry.  
*discoverdurham.com/directory/duke-homestead/

**Bennett Place State Historic Site** – At this site in April 1865, Confederate General Joseph E. Johnston surrendered to his Union adversary General William T. Sherman. The act marked the largest troop surrender and the effective end of the Civil War. Today the site includes restored historic structures, special living history events, and tours.  
*discoverdurham.com/directory/bennett-place/

**West Point on the Eno** – Only six miles north of downtown Durham, West Point on the Eno is a city park and historical center that was the previous site of the largest mill on the Eno River. West Point features miles of hiking trails within its 400 acres and three historic buildings – one of which is now the Hugh Mangum Museum of Photography.  
*discoverdurham.com/directory/west-point-on-the-eno/

### Natural Places

**Eno River State Park** – Ten miles from downtown Durham, this park is a great place to experience the natural beauty the region has to offer. Visitors frequently canoe or fish in the Eno itself. Camp sites are also available along the trails in the park.  
*discoverdurham.com/directory/eno-river-state-park/

**Little River Regional Park** – Located in a remote part of northern Durham County, this park and natural area has over seven miles of hiking trails and eight miles of mountain bike trails.  
*discoverdurham.com/directory/little-river-regional-park-natural-area/

**Falls Lake** – Located on the eastern edge of Durham County, Falls Lake has many hiking trails and beaches to enjoy, including an opportunity to hike along part of the North Carolina Mountains-to-Sea Trail.
