FRATERNITY COMMUNITY SERVICE AND PHILANTROPIC INITIATIVES

Sigma Wellness is a Phi Beta Sigma Fraternity, Incorporated signature community initiative adopted at Conclave 2007 and has the following objectives:
1. To support Sigma’s vision of ensuring programs are focused and committed to serving our communities and serving young males through mentoring and scholarships.
2. To ensure symmetry among all of our organizational and community initiatives.
3. To develop a sense of pride and commitment in the community toward healthy living that will reduce the incidences of health conditions that adversely affect men of color.

Sigma Beta Club was created in 1950 as a response to the fact that Sigma men can play an important role in the lives of our youth. Sigma Beta programs are geared to meet the needs of its members, but at the same time provide them with a well-rounded outlook that is needed to cope with today's society.

Phi Beta Sigma Fraternity Inc. has national partnerships with the March of Dimes and American Cancer Society. Through these partnerships, we work together to prevent premature births and build strong fathers and male role models in the African American community through sponsoring Strong Fathers seminars and Stepping To Save Babies. We also fight cancer through legislative campaigns aimed at promoting legislation that combats cancer, encourages education and awareness, and seeks to level the ills of disparity between those who can afford treatments and services and those who cannot.

EDUCATIONAL INITIATIVES

The Sigma Economic Empowerment Development Project (Project SEED) is a Bigger & Better Business program developed to focus on two important topics of interest: Financial Management and Home Ownership. This focus provides useful information in both areas and benefits Phi Beta Sigma members, families, and communities. Project SEED is designed to be implemented at all organizational levels, by alumni and collegiate chapters. Each of the
program’s components are economically viable and relevant, current concerns of our membership.

**Project Vote**-Chapters are encouraged to continuously register and educate citizens to participate in the democratic process. We will work jointly with Zeta Phi Beta Sorority, Inc. to make a positive impact in our communities by registering new voters. The priorities of Project Vote are voter registration, voter education, voter participation and getting out the vote.

**Conversations Among Brothers Series**- This initiative is targeted at African American men on college campuses and is designed to encourage ongoing peer-to-peer discussions about topics and issues that adversely impact African-American men, particularly HIV/AIDS.

**AREAS FOR IMPROVEMENT**

- Increase the chapter GPA
- Increase our visibility and service into the Durham Community
- Engage in more collaborative events with other organizations to promote Greek unity on campus.
